## GAVISHREE CARE

### Mentoring:

A Mentor adorns the role of a second parent in whom the mentee confides. Holistic development of a mentee is the sole concern of a mentor.

M - Mindful  
E - Energetic  
N - Notice  
T - Training  
O - Obliging  
R - Readiness

In short mentor is a Friend, Philosopher and Guide who strive for the betterment of his students with a selfless attitude like a parent.

### Role of a Mentor:

The mentor will perform the following functions. The list, of course, cannot be exclusive. A mentor can always do more for the benefit of the students.

- ↓ Meet the group of students at least twice a month.
- ↓ Continuously monitor, counsel, guide and motivate the students in all academic matters.
- ↓ Advise students regarding choice of electives, project etc.
- ↓ Contact parents/guardians if situation demands e.g. academic irregularities, negative behavioral changes and interpersonal relations, detrimental activities etc.
- ↓ Advise students in their career development/professional guidance.
- ↓ Intimate higher authority and suggest if any administrative action is called for.
- ↓ Maintain a detailed progressive record of the student (Manual attached).
- ↓ Maintain a brief but clear record of all discussions with students.

"A Mentor is someone who allows you to see the hope inside yourself"  
- Oprah Winfrey

"Mentoring is a brain to pick, an ear to listen, and a push in the right direction." — John Crosby
